

LODGE NEWS

JOHN W. MARTIN, Editor

Do you find your lodge represented in this column? If you do not, it is your fault. See that some one is appointed to write information of interest to your members and the happenings of your meetings to the editor of this column. Have copy reach the paper by Thursday night if possible, but not later than Friday night. Use type-writer, if possible, and write on only one side of paper. Do not make reports too long. Between 200 and 300 words will be about right and thus allow room for all lodges in this vicinity to get their activities before their members.

KNIGHTS OF COLUMBUS

At the regular meeting of the Phoenix Knights of Columbus on the evening of October 12, it was decided to hold their annual quail mulligan on the next meeting night, October 26 at the K. P. hall.

This quail mulligan has become an annual event with the local K. of C. and no expense or effort will be spared to make this one of the most successful of them all. In addition to the big feed, there will be a fine program of entertainment to which all the local and visiting Knights will be welcome.

The committee, appointed by the Grand Knight, John A. Johnson, consists of the following: J. J. Halloran, chairman; J. T. Whitney, Peter Ryan, Frank DeSouza and W. J. Burns. This committee will have charge of the arrangements and they are anxious to

get in touch with all good sportsmen, that they may secure ample game for the occasion.

It was also decided at this meeting to have a dance for the young and older members some time during fair week and the following committee was chosen to arrange for this event: Thalheimer, chairman; O'Reilly, Joyce, Flynn and Koch.

Marcus DeNiza council has recently had an election of officers and at the last meeting they were installed in their offices by District Deputy Volta as follows: John A. Johnson, grand knight; L. J. Weisnick, deputy grand knight; B. H. Dodd, chancellor; W. J. Burns, financial and recording secretary; M. J. Burns, treasurer; W. J. Thalheimer, advocate; T. P. Lynch, warden; A. H. Flynn, inside guard; John Joyce, outside guard and F. D. Bridgeford, trustee.

The council under the leadership of their new grand knight expects to do some big things during the ensuing year and one of the first moves on the program will be the presentation of a reel moving picture, entitled American Catholics in War and Reconstruction, which will be exhibited some time during the first week in November.

WOODMAN OF THE WORLD

We are not going to urge you to attend lodge next Monday evening, but if you are inclined to want to come we will insure you at least that you will be permitted to sit with us, providing that you can satisfy the officers that you are qualified for a chopper or that

you can do your duty when it comes to clearing the forest.

Speaking of clearing the forest from the conversations that have been running around the last few days there is going to be some clearing necessary tomorrow night, for the nabobs have been out again and from all reports there is no use for any more of the citizens of Phoenix to go out to try and find quail for there ain't none. But if you are really interested in that little bird you will find him in his finest state at the Odd Fellow hall tomorrow night.

We will serve it according to your taste and storage capacity. Now as we said before we are not going to insist on your attendance but we are going to be there.

There is also to be something in the way of dancing and other enjoyable entertainment. Stay away if you want to but I will be there.

We meet every Monday evening and extend a cordial invitation to all visiting members. We meet at 7:30 sharp.

THE FRATERNAL BROTHERHOOD

The T. L. C.'s of the Fraternal Brotherhood will give a big jinx dance on Saturday evening, October 30 at K. of P. hall.

Now bring your own music, any old kind you like.

And we'll start the dancing early and keep it up all night.

It doesn't make any difference about the clothes you wear.

And we don't give a tinkers darn how you fix your hair.

The most original costume will receive some sort of prize.

And we don't give a whoop you bet for color or for size.

We will have the best of music that money can procure.

And we guarantee the best of time for all we will assure.

This is a bunch of live ones as the name alone implies.

And the whole darn bunch are a jolly lot of up-to-the-minute guys.

Now ladies wear your aprons and gents your overalls.

You may mask if you like, it's up to you. It makes no difference at all.

Just be on hand on Halloween night up at the K. of P. hall.

SECURITY BENEFIT ASSOCIATION

Phoenix council No. 235 held one of the most interesting meetings of the year on Friday night, October 15, initiating a large class of new members. The initiatory services being exemplified by the pictorial degree machine, assisted by the ladies degree team, which in itself is most impressive. Visitors of the evening being President Perkins and Sister Phelps of Tucson council No. 3519 of Tucson, Arizona, who came up specially to witness the beautiful work as done by Phoenix council. Brother Perkins gave a most interesting talk, he having come down to get pointers from Phoenix council, as they are now starting a campaign in Tucson and in a very short time will have one of the leading councils of the state. Sister Phelps also gave a most interesting talk and was very well pleased with the beautiful and impressive work put on.

All were invited out to the banquet room, where the entertainment committee had prepared a banquet. Dancing and a general good time was enjoyed by all.

Juveniles also met, initiating a large class of new members. Much credit is due Sister Ora Asher, juvenile matron in her wonderful work in teaching the little ones fraternalism. Juveniles meet every other Friday night, namely the second and fourth in each month.

Wednesday a large delegation from Phoenix council went over to Glendale to help them install their new officers. A nice time was enjoyed by all, a pie and coffee banquet being served.

Friday night, October 23, Phoenix council will hold a Halloween shadow banquet social. Every member and your friends cordially invited.

LOYAL ORDER OF MOOSE

Next Wednesday night the regular meeting of the Moose will be held. It is expected that a large class will be present to be initiated. The degree team has been working hard and will take charge of the work. All members are urged to be present as business of importance to every member will be transacted. It is expected that many new applications will be received. The officers will also outline the work for the winter months. We are going stronger each week and we are determined that we will have 600 members by the first of the year. Headquarters of the Moose is now established at 443 W. Washington street. Any member can go there and transact any business pertaining to the lodge. It is hoped that the clubroom will be fixed up in a short time where the members can meet each other and while away an hour. The meetings of the lodge are held at the Odd Fellows hall, Third avenue and Adams.

ODD FELLOWS

We can not tell you of all there is to know of the meeting Tuesday evening, as we could not get it in the space allotted us. There seems to be so much interest taken in Odd Fellowship in the valley, it would require a paper of our own to give you all the news, so we must just sum it up and give you the total. You can get the smaller figures and items by attending. The first degree was conferred on a

class of ten candidates, and the degree staff deserves much credit for the splendid way in which they exemplified the lesson of friendship.

Much business of importance was transacted. Several new applications were received, which means we will have a larger class for November than we have this month. It is very gratifying to the officers to see the interest taken, as well as the support they are receiving from the members.

Next meeting night, October 19, the second degree will be conferred and if you think the boys are not going to have a big night you do not know them. We would advise the candidates to bring plenty of gas and oil, also your chains, as the road will be washed out in several places and you must make your own repairs. Mason and Barnes will be there to help you, but take my advice, their repair car may

be out of condition, and if Hargrave has not found his dog by that time he will not be in any humor to help. If some of you will agree to find a dog for him by Tuesday evening, he may let you off easy. Charlie Vincell was the last man known to have this dog, and at that time he had four of his front teeth out, a scar across his forehead, his right eye out, and part of his left ear torn off. We do not care what shape he is in, he is a darn good dog and one of you must find him before Tuesday or take what is coming to you. His name is Fido, and Hargrave says he will stand up, cross his front feet and wag the remaining part of his tail.

We were glad to have the Brothers over from Glendale, and there also was a delegation from Buckeye. Come again boys, you are always welcome.

The members of the degree staff are requested to be at the hall at 7 o'clock.

to be in readiness for the second degree.

KNIGHTS OF PYTHIAS

Well, from now on the news of the doings of Phoenix lodge No. 2 will be a little old, but the The Arizona Republican is kind enough to give this space and we must have all Lodge Lore in by Thursday evening so we will not be able to give you just what happened on that Friday night. There will be something every week of what

is happening or going to happen, so it's up to you brothers to come up and see what's going on, for lodge opens at 7:30 sharp. Our chancellor commander is never tardy.

A committee has been appointed to take care of the visiting Knights during fair week. The hall will be opened during the day and will try and locate every K. of P. and family. Anyone that has rooms to rent that week will

Vulcanizing—Relining—Retreading—Rebuilt Tires

The Price of the Nash Six is \$1695 with Cord Tires f.o.b. Kenosha

We emphasize the price, \$1695, because it is very low.

We have created in this car an actual and exceptional value which we know justifies this statement:

The Nash Six is a better value than any other car selling near it in price and equal to many costing hundreds of dollars more.

Determine this for yourself.

Compare the Nash Six with other cars; compare the power of its perfected valve-in-head motor, its roominess and comfort, and the really exceptional beauty of its design and finish.

And then compare its cost.

THE NASH MOTORS COMPANY, Kenosha, Wisconsin
